Serial No.

The only instance of a matt being granted a loan from a Mur Instn. is that of the Vridhachalam matt which has been under Govt. management for the past nearly 30 years, & for the discharge of the arrears of pay & the renewals of this matt a loan of Rs 15,000 was granted at 6 % interest from the funds of the Sri Kalaseswara Swami temple. No loan was granted to this matt for Construction of the Bangalow matt which was constructed mainly at a cost of Rs 5000 & Sevas by the local Zamindar while on a visit to Sri Kalahasti.

5) Neither the Kalaseswara nor the Chamundeswara temples which are the richest temples in the State has such a large amt now at its credit.

6) As for the amt at the credit of the Chattram savings fund, the position of this fund is described in G.O. No 1583-4/m 790-24-7 dt 2nd may 1925. There is hardly a sum of Rs 10,000 or so at the credit of the Chattram saving fund.

7) The only source that can be thought of in this connection is the Govt Muzrai fund (Interest & savings).

NOTE–Contn Sheet

Serial No.

Some accumulated savings at the credit of this fund. At the end of March 1925 there was a sum of about 35,000 Rs. Out of this amt the required money may perhaps be drawn as a loan to the Mutt at 6% interest which is the rate usually charged ~~in these cases~~. Twenty years for discharging the loan seems to be rather too long. It may perhaps be reduced to 10 years, at 2500 Rs per year with current interest.

2) The Secy references have been called for from the Govt 2nd & will be recd on the 6th inst. In the meantime this is subd as the Private Secy to H.H. says he will discuss the matter with the Hon'ble Member.

The Palace,

Mysore.

30th May 1925.

Dear Mr. Srinivasa Iyengar,

I am sending you the enclosed letter I have received from the Agent, Sri Uttaradi Mutt, asking for a loan from Government to enable them to reconstruct the Mutt building at Mysore.

I shall discuss the matter with you at Mysore.

Yours sincerely,

Mirza M. Ismail

Is it possible to grant a loan from the funds of any Municipality or any Municipal Board.

A note may be put up on the case, mentioning precedents if any & bearing upon the point.

Necessary note complied

Bangalore 10
17th May 1925.

I am commanded by His Holiness the Swamigalu of the Sri Uttaradi Matt to convey his blessings to you and to acknowledge the receipt of plans and estimates for the construction of the Matt buildings in Mysore. His Holiness while feeling immensely gratified ~~for~~ with the great interest you have been evincing in the welfare of the Matt rests assured that the beginning made under such happy augury will be an accomplished fact ere long.

2. The reconstruction of the Matt building in Mysore which is in a very untidy and dilapidated condition has been under active consideration of the Matt authorities for a considerable time. The general economic distress and the consequent high prices of food grains, the impracticability of curtailing the expenditure of the Matt, more particularly under the present Swamigalu who has earned an all-India reputation for nobleness of heart and magnanimity, and the construction of extensive buildings in Bangalore and elsewhere have in no small measure contributed to the non-fulfilment of the most cherished wish of His Holiness. Now that the ~~surroundings~~ surroundings of the Matt have been greatly improved and that ~~the vicinity~~ its location is in close proximity to the Royal residence of His Highness the Maharaja, His Holiness feels it imperative that the building should be improved and made to fit in with its surroundings. It was hoped that the end in view could be achieved by investing about Rs. 5,000/- or Rs. 6,000/- on the proposed construction.

3. The designs now prepared are estimated to cost Rs.24,000/- and His Holiness believes that having regard to the beauty and ~~diligency~~ elegance of the building consistent with good work and the highly artistic nature of its surrounding

the cost cannot be reduced to any appreciable extent. His Holiness would have been extremely happy to have begun the construction at once in due deference to the wishes of the Sovereign but he feels much grieved to bring to your kind notice that it is beyound the immediate resources of the Matt to incur such a heavy outlay. The prevailing distress and failure of rain in the Bombay Presidency and H.E.H. the Naizam's dominions where the major portion of the Matt properties are situated on the one hand and the havoc caused by unprecedented floods in Madras and Mysore on the other in recent years have caused irreparable loss to the Matt estates and several thousands of rupees are immediately required to reclaim them from devastation and make them fit for cultivation. Finding it extremely difficult to run on the vast and various concerns of the Mutt, His Holiness has been continuously on move for the last one year despite the innumerable difficulties attendant upon an itinerary of the head of a religious institution like that of the the Uttaradi Matt. The seasonal conditions not being favourable and there being a marked change in the attitude of the people towards religion and religious institutions it has been found difficult to balance even the normal income and expenditure.

For these reasons among others His Holiness commands me to approach you with a request that the amount required for the construction of the building in accordance with the plans prepared under your direction may kindly be advanced either from Palace, Government or Muzrai Funds at a reasonable rate of interest and recovered in easy instalments from out of the cash tasdik payable to the Matt annually. A sum of Rs. 6,312 a year is paid to the Matt for worship of Sri Ramachandra Devaru and similiar other purposes, and Rs. 2,400/- out of this has been ear-marked for ~~the maintenance of~~ worship etc., at Holenarasipur and

for the maintenance of the
Patasala in Bangalore. This leaves a sum of Rs.3,912/- for other expenses. Instances are not wanting wherein the benign Government were generous enough to advance funds to Head of Mutts and others for works of charitable and utilitarian objects. So recently as 1919 large sums of money at Savings Bank rate of interest have been advanced to Sri Sivaganga Mutt for the construction of the Mutt building at Bangalore and for discharging the liabilities contracted by the late Swamigalu.

5. Having the regard to the above considerations His Holiness would feel immensely pleased if a sum of Rs. 24,000/- could be advanced from the innumerable resources of the Muzrai Department subject to the conditions

(i) that the loan shall carry 5 percent or Savings Bank rate of interest which-ever is lower.

(ii) that the loan shall be repayable in 20 annual instalments of Rs.1,200/- each with current interest.

(iii) that the total amount required under (ii) be deducted from the tasdik grant payable to the Mutt every year.

If in course of time the financial stability of the Mutt could be improved His Holiness will not hesitate ~~them~~ to pay the balance then remaining in one lump and get a total discharge of the loan. His Holiness further requests that as he will be touring in distant parts of the country and as he has no separate agency to supervise construction etc., the work may be executed under your direction exclusively. On receipt of Government Orders I shall, under His Holiness' orders, execute the necessary documents to the satisfaction of Government.

In conclusion His Holiness commands me to earnestly request you to place these matters before His Highness the

Maharaja for his gracious and benevolent consideration and favourable orders.

I beg to remain,

Dear Sir,

Yours truly

(Sd) Jayarayachar
